

Keepower Battery Charger

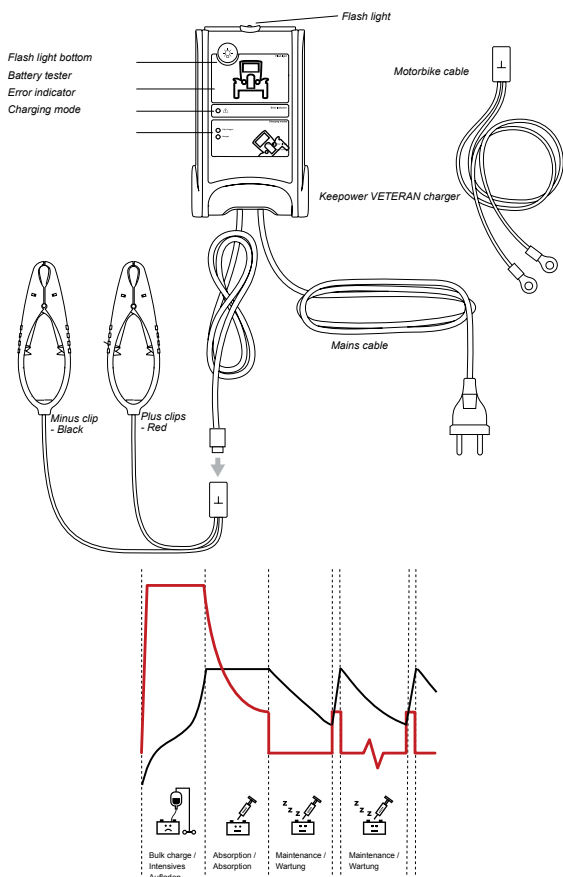

Intelligent 6V battery care

- Suitable for all 6V vehicles.
- Intelligent charging also on old discharged batteries.
- Keepower 6V is IP65 waterproof.
- Keepower can be constantly connected - The battery will always be fully charged.

Keepower charger for 6V batteries

Keepower 6V 88811500

0,8A/6V

The Keepower 6V charger is the perfect charger for all purposes of 6V batteries. It gives new life to old battery. It is also perfect for charging of everything from small batteries up to larger batteries. The charger can constantly be connected to insure full capacity on the battery at any time. The keepower 6V charger is IP65 protected and can be used outdoor in the rain.

Nominal battery voltage	6V
Charge Current I _{batt}	0,8A
Battery size	1,2Ah to 32Ah
Max. total outputpower	8W
Input voltage (Mains voltage)	230Vrms ± 10% 50 Hz ± 3Hz
Ripple voltage (charging old battery with 40% capacity left)	<100mVpp
Current ripple (charging old battery with 40% capacity left)	3%
IP	65
Size of charger	146*89*52 mm
Charger cabel size	0.75 mm ² *1800 mm
Lenght main cable	1800 mm
Weight	0.490 kg
